

2015 Fleet Feet Sports Dirt Cheap Trail Race #5

Presented by Randy Raetz, DDS

Wednesday, August 18, 2015 at Durand Eastman Park

Official Results Statement

These results are in alpha order by last name and also notes the wave in which we had recorded you to begin in. Mid race it came to our attention (and this is a summary from various participants) that "Someone" (we do not know who) was telling participants that the flags were no longer on the course thus causing many participants to go the wrong way.

During the race a YJR employee was the SAG picking up the flags. Immediately upon learning this situation we were in contact with our SAG inquiring if he saw any missing flags. We kept in contact with the SAG the entire race getting apprised of the flag situation. Never once did he come across an area of missing flags, nor did the participants he was trailing. At the same time, Boots who set the course, went back out backwards following the flags from the finish towards the start, then back tracked from the start towards the middle of the course. He too never saw flags off course. Why this long explanation? Well, because participants went off course it caused some to finish earlier than usual thus causing the overall places to be completely off. There are quite a few this affected, but we don't know all the affected participants. This in turn causes series scoring to be incorrect. Therefore listed are finish times by last name for whatever course you ran. Please note I had to switch to excel so if your time is 59:xx:xx or less that means 59 minutes not hours. Excel wouldn't let me switch format. If you know for certain you did not do the course correct please email results@yellowjacketracing.com and in lieu of the dreaded "DQ" we shall "LC" as "lost crew". We apologize for any inconvenience but we believe removing these results is only fair to provide proper series scoring. If you have any concerns email ellen@fleetfeetrochester.com. We thank you for joining us last night!!! We do hope in the end you had a great time!!
